

Electric Close-body Cargo Tricycle

Battery	60V 32Ah / 50Ah / 60Ah / 80Ah / 100Ah battery
Motor	60V 1000W - 2000W BLDC motor or PMS motor
Controller	60V 15tubes - 60V 36tubes
Charger	Matched auto-cut smart charger
Differential axis	Integrated type with climbing gear
Chassis/body	Heavy duty type, with superior durability
Tyre	F: 3.50-12 and R: 3.75-12
Suspension	F: Telescope shocker, R: leaf spring + damper
Wheel Base(mm)	1850 / 2150
Steering Angle	55°
Max. Gradeability	15°
Maximum Speed	35Km/h
Ext. dimension(LxWxH)	2850*1050*1730mm / 3300*1050*1730mm
Cargo cabinet(LxWxH)	1500*1050*1050mm / 1800*1050*1050mm
Gross Weight(Kg)	About 250Kg / 320Kg without battery
Maximum Load(Kg)	300 / 500
Maximum Mileage(Km)	From 35Km to 120Km, subjected to different battery
Charging Time	5 hrs to 10 hrs, subjected to different battery
Application fields: This vehicle is widely used to transport courier parcels, as well as other light duty cargos in short and medium distance.
